

Inviting you to explore, experience and enjoy travelling Australia!

Welcome to www.traveloznow.com.au – inviting travellers to explore experience and enjoy travelling Australia. Travel Oz Now has evolved from the popular Travel Oz booklet that circulated throughout Australia for several years. Digital media is the way of the future and we have expanded so we are now accessible globally, anywhere, anytime. Australia has a world famous reputation as a holiday destination and travellers worldwide are able to see at a glance, attractions, accommodation, tours, events, shopping, services, discount offers and more. **We are not a booking agent or service, thus there are no fees or commissions paid to us.** You are contacted directly through information provided in your feature on www.traveloznow.com.au

What makes our website unique? How we promote ourselves!

Travel Oz Now publishes thousands of colourful, glossy, **FREE** postcards that have spectacular photos of Australia on the front.

These images are eye-catching featuring the rich colours of the outback, rainforest, beaches and scenes that are uniquely and proudly Australian. Both sides of the card have our website and logo in bold print inviting people to visit the site and explore for themselves. These usable postcards are displayed and distributed where travellers and holiday makers frequent such as; inflight airline magazines, state government information centres, travel agents, hire cars etc...

We also promote the site through a variety of other high profile media marketing campaigns throughout the year like newspaper, radio, travel expos and social media. Travel Oz Now is unique, affordable and user friendly. You spend less and we bring more business directly your way.

We are one of only a few travel websites to be accredited by the **Tourism Industry Council.**
